

Corner

James E. Turner, CHP

The "CHP Corner" is used to provide timely notification of activities and schedules of special interest to certified health physicists (CHPs) and other HPs who might pursue certification. The semi-annual *CHP News* newsletter will continue to include more lengthy discussions of substantive certification issues. Please address any contributions for either the "CHP Corner" or the *CHP News* to:

Recertification Packages

Recertification packages will be mailed automatically at the end of April to those CHPs whose certification must be renewed in 1993. The package will include instructions and forms for renewal, as well as a list of courses for the years 1990 through 1993 that have been approved for recertification credit. Any CHPs having questions concerning recertification materials should contact Nancy Johnson at the HPS Secretariat at 703-790-1745.

Record Number of Applicants

The Secretariat office reports that more than 560 people have applied to take the 1993 Certification Examinations. This represents a large increase over last year's record number of 426 applicants.
