### 1994 ABHP Exam Results

The American Board of Health Physics (ABHP) will be meeting 18 and 19 November to discuss the results of the 1994 ABHP Certification Exam. Letters announcing the results will be mailed to candidates approximately two weeks later.

### New Job (and phones) for the *CHP News* Editor

Here we go again. Previous changes in work phone numbers for the "CHP Corner"/*CHP News* Editor have involved shifting office locations for my job at the Department of Energy's Rocky Flats Plant. Effective 1 August, the new phone numbers given at the top of this column reflect a complete change in employer. I have accepted a position with Woodward-Clyde Federal Services at their Denver office location. The home phone number and address remain the same.
